EDC accompanies **INVESTOR**

using **BLOCKCHAIN** technology

Transforming distrust, uncertainty, instability to

RELIABILITY, PRECISION, SAFETY

EDC creates and maintains a register of all arrangements
*the history of each interaction step is stored as «Blockchain chain»,
which is protected by the protocol*

All communications within the framework of the Agreement have official status. Verbal negotiations carried out within the framework of the Agreement shall be subject to protocol approval and signature by the Parties (clauses 9.1 and 9.2 of the Service Agreement)

EDC is a guarantor of the investor's interaction with all partners
all intermediaries and partners in one protocol

present as a third party in agreements to protect the interests of all parties:

- *defines all necessary partners (including authorities)*
- *defines and captures all goals and desirable results prior to engagement*
- *controls the execution of the Service Agreement (the contract is deemed to be executed only after written confirmation that the parties have no claims)*

EDC

Project implemented by the public organization "Regional Center of Sustainable Development" with the support of the Kherson Regional State Administration

goal

Formation and development of the ability of Ukrainian entrepreneurs to gain new knowledge, advanced world experience, build and use effective national and international links by providing entrepreneurs with individualized integrated services in the framework of joint EDC personal projects aimed at rapid achievement, clearly defined by the entrepreneur, tasks

mission

Constantly develop and promote entrepreneurship, encourage its development, create a comfortable environment for employers, as well as flexibility and productivity for the benefit of the entire national economy.

method

All work is constructed individually, designed and aimed at achieving the economic goals of a particular entrepreneur
